

EDUCATION

BRINDAVAN INSTITUTE OF TECHNOLOGY AND SCIENCE	Kurnool, India
Bachelors of Technology in ECE	June 2018 - August 2022
SRI. CHAITANYA JUNIOR COLLEGE	Kurnool, India
Board Of Intermediate Andhra Pradesh	March 2016 - April 2018

SKILLS SUMMARY

- **Languages:** Python, SQL, JavaScript, HTML, CSS
- **Frameworks:** React JS, NodeJS, Express, Bootstrap
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Platforms:** Visual Studio Code, WebStorm
- **Soft Skills:** Self-Motivation, Communication Skills, Problem-Solving Skills

PROJECTS

- Jobby App** | jobbyappabrp3.ccbp.tech
- Developed a **job search application** with key pages like Login, Home, Jobs, and Job Details using reusable React components and form handling.
 - Implemented **JWT-based authentication**, REST API integration, and secure data storage with local storage.
 - Used **React Router** for protected routes and seamless navigation; built with React.js, JavaScript, CSS, Bootstrap, and REST APIs.
- NXT Trendz (ECommerce Clone - Amazon, Flipkart)** | ecomerenceclone.ccbp.tech
- Developed a **modern e-commerce web application** inspired by Amazon and Flipkart with a seamless and responsive user experience.
 - Built **Login, Products, and Product Details** pages using React components, form handling, and React Router for smooth navigation.
 - Implemented **JWT-based authentication**, REST API integration, and session management using **local storage**, utilizing technologies like React.js, JavaScript, CSS, and Bootstrap.
- Insta Share (Instagram Clone)** | abrarinstashar.ccbp.tech
- Developed a **responsive Instagram-like application** with features such as login, viewing posts and stories, post search by caption, like/dislike actions, and user-specific profiles.
 - Implemented **protected routes** using React Router (Route, Switch, Link) and integrated **React Slick** for horizontal scrolling in the stories section.
 - Built **pixel-perfect UI components** based on Figma mockups, used fetch API for data operations, and ensured **persistent login** using client-side storage.

CERTIFICATES

- Full Stack Development with MERN Specialization (NXT WAVE)** March 2023
- Completed **MERN Stack Development Certification** with hands-on experience in MongoDB, Express.js, React.js, and Node.js.
 - Built **scalable full-stack applications** with RESTful APIs, dynamic UI rendering, and seamless frontend-backend integration.
 - Gained practical skills in **CRUD operations**, API consumption, component-based development, and React state management.
- React JS (NXT WAVE)** February 2023
- Gained hands-on experience with React.js fundamentals including JSX, components, props, state, event handling, and hooks (useState, useEffect).
 - Built interactive web applications using **React Router** for navigation and integrated APIs using **fetch**.
 - Explored advanced state management with **Context API** and **Redux**, along with performance optimization techniques.
